WEB DESCRIPTION

Original and elegant protective booklet case designed for iPhone 5 and 5s protecting from smartphone radiation. The back cover is made of polycarbonate for superior protection. Microfiber inner lining for total protections to scratches. When your phone is in contact with your body and you close the front cover, Ancilia Premium case reduces the transfer of energy from your phone to you, protecting you from biological reactions. Electromagnetic waves are not reduced by Ancilia covers and the phone works normally, even in protecting mode.

FEATURES

Material:

- When the cover is closed with Ancilia Logo turned to you, we guarantee up to 99% reduction of exposure to smartphone radiations, both during use and stand by
- The exclusive patented design protects your smartphone from bumps, scratches and dust.
- Anti-scratches lining
- The case does not decrease the quality of the reception/emission signal in standard use
